

[Chili, Monroe Co. NY.]

RELIGIOUS NOTICES. There will be a meeting held in the Universalist Church in Chili the 2d Sunday in April, at 1 o'clock, P.M. It is desirable that all of our friends should attend. Brethren and Sisters, one and all, who are favorable to support the gospel in this place, give your attendance. Let there be a general rallying around that altar where I have stood so often, and testified to you the infinite love and good of our Father in Heaven. Let your presence be felt, your prayers be heard—and your feelings expressed in communion together, with your God. Will our friends in Churchville attend? The invitation is to all: come?

CHILI.—Our good friends in Chili are now bestirring themselves to establish social conference meetings regularly, and if possible, to support preaching some portion of the time. We rejoice that Universalists, especially our lay brethren, are beginning to see the importance of social conference meetings, for we do consider it a subject which involves essentially the welfare of our denomination. Last Sabbath I had the pleasure of addressing our society in Chili, assisted by Br. Hiscock, who happened to be present, and who has si far recovered his health as to be able once more to proclaim the word of life and salvation.
