

[Upson, Asa]

Rev. Asa Upson, at Steven's Mills, Steuben Co., N. Y., April 27, 1861, aged 70 years. We have been furnished with no details of Father Upson's early life, religious experience, or early ministry. We first find his name, and address at Hornellsville, in the Register of 1839-and remember seeing it in our periodicals some ten years earlier. It is probable that he travelled and preached considerably in his section, at that time; but in later years, his time was mainly devoted to his immediate vicinity and his farm. The faith he so long preached to others, was his abiding support and joy in the closing years of his life.
