

[Symonds, Roy Mortimer]

IN MEMORIAM
Roy Mortimer Symonds

In August the sudden death¹ of this bright and loveable lad, saddened the hearts of all who knew him.

He was a boy who was intensely alive, fun loving, full of mischief but loyal, and absolutely to be depended upon on all occasions.

As an example of his loyalty, one calls to mind the check for \$10.00 which he sent to the Big Drive Fund which represented his Birthday present and the money given him for having passed his school examinations. His greatest regret when he was ill last winter was that he would be unable to receive his pin for perfect attendance at Sunday School.

His loss is a very real one to all who knew him and his life while of but short duration here can not fail but be an inspiration to us all.

A. T. W.

At this September meeting it was decided to request that the class pledge to the Big Drive Fund be given as a memorial for Roy Symonds who was one of the original and most loyal members of this class.
