

[Van Zandt, Llewella]

Deaths.

In Rochester, Feb. 14, of inflammation of the lungs, LLEWELLA, daughter of J.J. [John Jacob] and Mary A. Vanzandt [Van Zandt], aged 5 years, 10 months and 13 days. Death has taken a lovely flower from the home and hearts of afflicted friends. Their dear child, so promising and affording them so much comfort, has vanished, to be with them no more on earth. How great their grief none can tell, save those who have felt the same affliction.¹ Yet they full well know that she has gone to God and the Saviour—that she will be safely guarded and cared for—and that they will see and know her in the endless re-union of heaven. May God comfort them, and bless them and their remaining children.
